

Dear Colleagues,

This is the first notice and call for the talks for 2006 IEEE New Zealand Workshop in High Performance and Grip Computing.

**Date:** Thursday, 30 November 2006.  
**Time:** 9.30am - 5.30pm.  
**Location:** (Room location, parking and map will be announced close to the event)  
School of Engineering,  
Auckland University of Technology,  
Auckland  
**Programme:** Will be available at a later date.  
**Fee:** Free (we are seeking sponsors to cover catering costs).

**Outline:** We invite academic, industrial and government talks on high performance, parallel, grid, distributed computing, and advanced high speed networks issues, covering research, applications, development, products, policies, and most things of interest to the correspondent community in New Zealand.

**Opportunities for Networking:** morning tea, lunch and afternoon tea will be provided.

**Further Opportunities for Networking:** we intend to organize after hours/on the following day discussion table(s). Let us know if you wish to propose a topic or attend such meeting(s) by emailing to [ieeeparallelworkshop@aut.ac.nz](mailto:ieeeparallelworkshop@aut.ac.nz).

**What to do:**

- 1) **Consider being a speaker.** We are keen to hear from individuals or organizations who wish to give a 10-20 min talk.
- 2) **Consider attending the workshop.** We believe that everyone will benefit if you contribute to the event through attending and participating in the discussions.
- 3) **Consider being a Sponsor of the event.** We would like this event to be free of charge.
- 4) **Let your colleagues know about the event.**

Please respond via email to [ieeeparallelworkshop@aut.ac.nz](mailto:ieeeparallelworkshop@aut.ac.nz) with your name and email address, so we could continue informing you about the event.

Hope to see you in Auckland in November!

Regards,  
Organizing Committee
